FELINE SENIOR WELLCARE PLAN

Schulhof Animal Hospital
&
Wellness Clinic

199 Post Road W., Westport, CT
203-226-1231

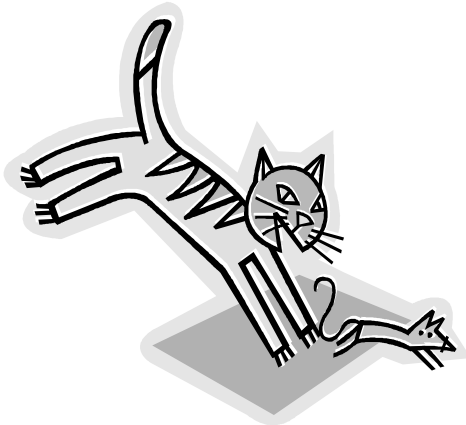

Why we do what we do...

Senior Semi-Annual Comprehensive Physical Exams provide the best assurance that your pet is happy and healthy, and will be a cuddly companion for many more years to come. Semi-Annual Exams may pick up on conditions, which left untreated, could significantly shorten and diminish your pet's quality of life.

Our Senior WellCare Plan includes the standard vaccines your cat needs, as well as diagnostic tests designed to help catch any problems associated with aging before they become difficult and expensive to treat.

This plan also covers routine well care tests such as fecal exams for intestinal parasites. Certain intestinal parasites can affect the health of you and your family.

What's Included?

Two Comprehensive Physical Exams, including:

- *Otosopic (Ear) exam*

When should I consider a Senior Plan for my cat?

Cats seven years of age or older are considered seniors.

What does it cost?

Because we are dedicated to the wellbeing of your pet, and believe in preventative care, the Feline Senior WellCare Plan is a wonderful value providing a 15% savings from our regular service fees.

A single payment is made prior to your pet's Semi-Annual exam and the Plan runs for a period of 12 months. Any unused services will not be refunded.

What's not covered?

The Feline Senior WellCare Plan **is not a form of pet health insurance**. Instead, this is a prophylactic well care plan, and provides basic well care services.

Therefore, additional tests, treatments and medications not specifically listed in this plan are not covered under the Feline Senior WellCare Plan, and will be charged for accordingly.
