_____ Date ____ / ____ / ____
 Owner or Responsible Party

A copy of this agreement will be kept on file and will remain valid unless otherwise notified. If changes are made to our Pet Spa Day Boarding Agreement, we will ask you to sign the new agreement, which will in turn nullify the previous agreement.

Day Boarding Rules & Requirements

Vaccination & Fecal Testing Requirements Initial:

In order to protect your pet's health as well as other pet's that may be boarding we require that all pets be up to date on their vaccinations. Additionally we require dogs to have had a negative fecal exam within 90 days of their stay. If your dog has not had a recent fecal exam, we can collect a fecal sample and send it out for testing. If your dog's fecal exam is positive for parasites then your pet will be wormed as necessary and limited to walks in our outdoor runs so as to reduce the risk of transmitting parasites to our other boarders.

Proof of vaccinations and a recent fecal exam must be presented either before or at the time of drop-off. If you drop-off your pet without the required proof of vaccinations then your pet will be quarantined until proof of vaccination is provided. If your pet's vaccinations need to be updated, one of our doctors can update them while they are boarding. You will be charged for an office visit and whichever vaccines need to be updated.

Please be advised that if the Bordetella Vaccine is administered on the day your pet is dropped off, no guarantee can be made that your dog will not be at risk of catching Kennel Cough. It takes at least 3 to 5 days for the vaccine to become effective.

Required Dog Vaccinations:	Required Cat Vaccinations:

<input type="radio"/> Distemper / Parvo	<input type="radio"/> Feline Distemper
<input type="radio"/> Bordetella	

Fleas Initial:

If a pet is found to have fleas, the owner will be notified and the pet will be immediately quarantined and treated at the owner's expense.

Kennel Cough & Canine Influenza Initial:

In order to reduce possible outbreaks of Kennel Cough and Canine Influenza we do not board any dogs in our Pet Spa that have been boarded at another boarding facility within two weeks of the date of boarding at Schulhof. If your pet has boarded at another facility within the last two weeks your pet may be boarded in our hospital or isolation wards at our doctor's discretion and at the owner's expense.

Bedding & Personal Belongings Initial:

Please do not bring personal belongings such as bedding, toys, bones, etc. We do not leave toys and bones in the cages with pets as they may become soiled, destroyed, and could pose a health risk. If you do bring personal belongings we cannot guarantee their return.

Additional bedding can be provided to your pet at your request, please ask one of our Pet Care Coordinators for more information.

Aggressive Behavior Initial:

Pets that become extremely aggressive will not be allowed to further utilize our day boarding services. This is in order to protect your pet, our staff, and other pets that may be boarding.

Rates & Fees Initial:

I agree to pay the rates that are in effect at the time my pet is boarding at Schulhof Animal Hospital. I am aware that extra charges may be incurred and I agree to pay them at the time of pick-up. Examples of extra charges may include, but are not limited to: vaccinations, exams, fecal testing, flea treatments, baths, deworming, and/or quarantine boarding.

I understand that any charges will be paid at the time of release, in the event of payment default I will pay reasonable attorney's fees and costs of collection.

Liability Release Initial:

Schulhof Animal Hospital and its staff will not be held liable for any medical or behavioral difficulties that develop with the above pets while day boarding, provided reasonable care and precautions are followed against injury, escape, or death. I understand that any such medical related problems will be treated as deemed best by the staff veterinarians and I assume full responsibility for all treatment expenses involved.
