I certify that I am the owner and responsible party for the above described animal, and that having understood the risks involved, including death, have the authority to grant you my consent to receive, prescribe for, treat, induce anesthesia, and/or operate on my pet. I understand the procedure contemplated is:

I have had an opportunity to discuss the risks of anesthesia and the proposed procedure with the attending doctor. I also understand that Schulhof Animal Hospital will perform a pre-anesthetic physical exam and requires pre-anesthetic blood work. I further understand that if my pet has recognized or suspected pre-existing conditions that increase anesthetic risk, Schulhof Animal Hospital may recommend additional pre-anesthetic assessments including but not limited to a chest x-ray, an EKG, and an ultrasound. Should I decline such recommended assessments I take full responsibility for the increased risk of compromise to my pet's health, including death.

Specifically, I decline _____

I am aware that the staff will be monitoring my pet at all times while under anesthesia in order to minimize anesthetic risk. However, while Schulhof Animal Hospital will provide appropriate medical care, and will follow every reasonable precaution, I will not hold the clinic and staff of Schulhof Animal Hospital responsible or liable in any manner in connection with the injury, or death of my pet. The animal will become the property of Schulhof Animal Hospital and will be handled as the hospital sees fit. It is understood that this does not relieve me of paying all costs for services rendered, use of the facility, and the cost of boarding.
